

Nominal size DN 100 to DN 1000

for insertion into an embankment end section
Slope e.g. 1:1 or 2:3

Design: TESACO design, to DIN 19569-4

Max. static pressure: 6.0 mWC

Material:
Flange in stainless steel 1.4301 or 1.4571
Flap pipe in stainless steel 1.4301 or 1.4571
Flap bracket in stainless steel 1.4301 or 1.4571
Pipe sealing by others
Flexible flap cover in EPDM

Corrosion protection: stainless steel pickled and passivated
